

JESUS REVELATION

The Alpha and Omega (Revelation 22:7-21) Jesus Revelation pt. 6 Pastor Tim Peck

THE BIG IDEA

Revelation reveals Jesus as sovereign over every word, all things, and every moment in our lives. We worship the One who is working out God's redemptive plan, to whom everyone will give an account, and who will redeem all creation.

OPENING

- Have you ever learned a second language? How was the alphabet different than the alphabet of your first language?
- Of all ways we've seen Jesus revealed in this series, which resonates with you the most?

DIGGING DEEPER

- Revelation 22:7, 10, 11, and 20 say that Jesus is coming soon. Many have been confused by these verses since Revelation was written to Christians living 2,000 years ago. Pastor Tim suggests this means Christ's future arrival is certain, we are living in the final chapter of the story, he is already with us, and we will see Jesus at the end of our lifetime one way or another. What are your thoughts about this?
- Compare Revelation 22:10 with Daniel 12:4. How are these passages different? Why do you think this is?

- Compare v. 13 with Revelation 1:8. What does this imply about the relationship between Jesus and the Father?
- Pastor Tim suggests that the warning not to add to the book of Revelation could include people adding their own speculative interpretations about the fulfillment of Revelation. How do you see this happening today? What does v. 18 say will happen to those who add to Revelation?
- How does our worship together help us remember that Jesus is working out God's redemptive plan? What specific parts of worship remind us of this?

PUTTING IT TO WORK

- How has this series challenged you to value worship more?
- What are some specific steps you can take in your life to make worshiping with God's people a higher priority?
